It is not as easy to remember changes that occurred after the calls.  
This is why it is beneficial to write down what you experience.

It is also a good idea to write down some of the amazing experiences you have during this Intensive. These will be valuable memories for you later.

### **Why should you come to these Intensives?**

As the Universal Shift draws near, this Divine Intervention is vital  
**for those who are dedicated to healing their body & ascending!**

Our **biggest challenge** is to release the negativity that is stored in the physical body.  
The Creation Lightship's Divine Light Beings are here to assist you. Through their clearing and healing sessions they gently remove the density/Darkness from your body.

**Your Spirit is part of the Divine Light.**  
**Your Spirit is the key to your Creative power.**

*There is a war going on between the Dark and the Light. The Dark wants to control and direct your energy for its own use. The Dark has put many things in place to block/capture/ and infiltrate your body and Spirit. This negative energy stops you from being able to use your full Creative power.*

**Remember, you are part of the Divine Light.** *It was not easy for the Dark to gain control of over Creative Divine Beings. The Dark has worked hard at accomplishing this. It has lured, confused and captured many Divine Spirits.*

*The Clearings, Releases and Healings performed by the Creation Lightship help you regain your Divine Spirit Energy, so you can once again become empowered and prepared for Ascension at the time of the Universal Shift.*

Subject: **Shadow Bodies**

It was extremely interesting to me what happened on the last Creation Lightship Conference Call.

You talked about the Shadow Bodies and then released some of them from us.

According to Stewart Wilde, they are imbedded and hidden inside us. He said they are not entities.

They are like a dark replication of us, a dark shadowy secret figure that like to remain unseen and undetected.

When he talked to them, they would take over a person's body and overshadow the spirit. They were extremely viscous and they would try to kill him.

He quit talking to them because they are really dangerous ghouls.

Ron, your information seemed similar to his about this subject:

You said the Dark makes a dark cloned version of our physical body and Spirit.

These Shadow Bodies keep tabs on us and control us from within our own bodies.

Thank you so much for removing a few of the Shadow Bodies during the conference call so I could have a chance to experience the difference.

The Shadow Bodies are dark matter replications infused with pure Dark energy!

I am very interested in coming to your 3 day intensive to remove these Shadow Bodies!

Name and email on file.
